Last evening at the Mueses all the Bowlers and Bowlers played two games in the W. B. L. championship series. The Bowlers were strong favorites, but it was not thought Provident would make so poor a showing in front of their opponents. To get down into the vernacular of the day, "they were not in it, not even for a minute. In addition to Provident's poor scores, however, The Bowlers put up two games that ordinarily would win from most any team.

In the first game Statler, of The Bowlers, made the best score. The Provident boys were away off, McCarter's 137 being the best individual effort. The score:

The Bowlers—List 117, Statler 173, Ebeling 130, Rehder 128, Laird 110, Lamb 154, total, 812.

SEVERAL MAKES

And Contests at the North End Rink—A Stag Party.

Last evening a number of gentlemen gave a "stag" evening of sport at the North End rink, and the affair was enjoyed immensely by all who were fortunate enough to be present. The affair was in charge of Messrs. Mike Warner, John Lutz and Harry Klapheck, the committee.

The first event on the programme was a five-lap roller skating race, with Logan, Warner and Scott as the contestants. Scott fell almost at the start and was out of the running, and Logan managed to win from Warner. No competition records were broken, however. In the next race the contestants were Oswald Schreiber, Milton Mabis and Mike Warner. Mabis proved to be the best of the bunch, easily disposing of Warner. Schreiber, however, gave the victor a good contest.

In the game of polo between teams captained by Mike Warner and "Buck" Windsor, the latter defeated the Warnerites by a score of 3 to 0. The grand march took place at 11 p. m., and was followed by lunch. Then followed a match race on rollers between Dunlap and Beuter, two local cracks, in which the former was victorious.

Ives Wins the Second.

CHICAGO, Dec. 4.—Ives defeated Schaefer again to-night, winning over him in hollow fashion. Schaefer could only make 200 while Ives was piling up his 600. Schaefer attributed his defeat to the bad condition of the balls, and there seemed to be some foundation for the charge, as the Ives' certainly rolled very badly for Schaefer. He appealed to Ives to change the set, but the latter refused. Ives' largest runs were 167, 129 and 58. Schaefer's largest runs were 47, 36 and 34. Following is the score for to-night:

Ives—39, 30, 2, 52, 44, 58, 5, 167, 0, 37, 30, 6, 129, 1—600.
Schaefer—1, 24, 36, 1, 18, 9, 47, 10, 11, 16, 6, 206.

Total—Ives, 1,200; Schaefer, 619.

Another Record Broken.

MINNEAPOLIS, Dec. 4.—George A. Hanson has broken a long distance record for bicyclists, by riding one hundred and fifty miles in five hours and three minutes. This is twenty-three minutes less than the best previous record. The regular time keepers and judges required by L. A. W. rules were present, and the course, which was four and a half miles, was carefully measured off.

BEYOND A QUESTION.

Over Fifteen Millions of Men and Women Who Are in Serious Trouble and Do Not Realize It.

"One out of every four persons we meet upon the street, in the cars, or in society, has kidney disease!"

He was a prominent man and a close observer who made this remark, and he spoke very earnestly.

"Just think of it!" he continued. "An army of over fifteen million people in America alone is constantly carrying the burden of this most terrible of all modern complaints, and yet, few of them know it. Strange as it may seem, most men or women do not stop to think that headaches, pains in the muscles, and throughout the body, feverishness, cold feet, sleeplessness, sickle appetite, and colored or scant urine, are the certain signs of the coming on of kidney disease, as certain as day turns to night, unless it is checked promptly."

It was easy to understand the feelings of fear, almost of horror, which could be seen upon the faces of the listeners. Continuing, he said: "I have never known, nor do I know any physicians who are aware of more than one thing that will certainly check and cure this terrible trouble. That remedy is a great modern discovery, known to all scientists and most people—it is Warner's Safe Cure. I do not look upon it as a proprietary medicine, but as an absolute cure for Bright's disease, and all kidney, liver and urinary disorders, or female troubles, and it is so regarded by the medical profession, both here and abroad. I do not know anything else about it, not even of what it is composed, but I do know that it has produced these effects in every case of which I have ever heard."

It is perhaps of interest to know that this remedy—Warner's Safe Cure—is the remedy concerning which Dr. Wm. Edward Robeson, of the Royal Navy of England, said: "I have been able to give more relief and effect more cures by the use of Warner's Safe Cure than by all other remedies of the British Pharmacopoeia."

Dr. R. A. Gunn, Dean of the U. S. Medical College, and editor of the Medical Tribune, says: "The ingredients of Warner's Safe Cure are among the most valuable medicines of our Materia Medica, and the combination is such as to insure the best possible action on the kidneys and urinary organs." With such facts in view, no man or woman, however seriously affected by kidney disease, need for a moment despair or have apprehension.

BELLAIR.

All Sorts of Local News and Gossip from the Glass City.

Cook Kelly got hold of an old paper printed in this city in 1861 that contained many things to revive recollections of the times when Bellaire was a mere village. From it is learned that while Thomas C. Theaker, then of Bridgeport, represented this, then the Seventeenth district in Congress, that John A. Bingham, though of Cadiz, represented the Twenty-first district. Theaker was afterwards appointed commissioner of pensions, and in the whirligig of time the state was redistricted and John A. Bingham was sent to Congress from the old Sixteenth which was formed just as it is now and served until he was beaten for a renomination by Hon. Lorenzo Danford, the gentleman who this fall was again centered upon to honor the greater district that it is to-day.

James Stidd, jr., Hazel Milligan and two other boys, whose age is unknown, attacked a Cleveland, Lorain & Wheeling train in the yard Monday night, and broke all the windows in one end of the St. Clairsville coach and then ran. The train stopped, and George Ronick and other trainmen took after the boys, but could not overtake them. William Alexander, the local agent, filed a complaint against the two named, however, and they were locked up yesterday, and an effort will be made to secure the others. The boys just showered stones at the train because they were not allowed to ride. They range in age from about sixteen to twenty years.

Mayor DuBois was yesterday called upon to dispose of a case brought against Willie Love, quite a small boy, who had trounced another small boy named Willie Young last week and Monday evening would have attacked him again with a penknife, but for the intervention of a boy named Kern. The mayor is puzzled to know just what to do with the little fellow, as he is frequently complained about.
